## AMERICAN INSTITUTE OF ARCHITECTS

### Continuing Education System

AIA/CES Registered Provider Program Summary

#### Course Description

An examination of the new Poly-Ash category of exterior trim products as it relates to other types of trim, specifically around the areas of installation, longevity, maintenance, and sustainability.

#### Learning Objectives

- Identify the various categories of exterior trim.
- Understand key attributes of each exterior trim category.
- Define the Poly-Ash category of exterior trim.
- Identify key applications and installation guidelines for Poly-Ash siding.
- Discuss the sustainable advantages of Poly-Ash trim products.

#### Target Audience

Architects, owners, specifiers and other design professionals in the residential, commercial, or multi-family housing markets.

#### Instruction Method

Facilitator may use a PowerPoint presentation or handouts, depending on the audience size.

#### Audio Visual Required

A screen and electrical power are required. The facilitator will provide a laptop and projector, as necessary.

#### Facilitator Qualifications

All facilitators will be TruExterior<sup>®</sup> Siding and Trim sales personnel, or distributor product specialists who have undergone training on CES guidelines and presentation skills.
