

TruExterior® Beadboard

Siding & Trim

Including single and double profiles, TruExterior® Beadboard is ideal for porch ceilings, soffits and decorative wall applications, and allows for a variety of installations, as it can be attached in either parallel or perpendicular directions.

Its smooth finish and “tongue-and-groove” design results in a clean look that can be reversed to offer a contemporary “V-groove” appearance.

TRUEXTERIOR BEADBOARD FACTS

- Easy tongue-and-groove installation
- Reverses for a contemporary v-groove appearance
- Installed using proven woodworking tools and methods
- Accepts common high-quality, exterior-grade fasteners
